Skills

- **Languages**: C++, C, Python, Java
- **Frameworks**: HTML5, CSS, Git, GitHub, MySQL, Excel, Power BI
- **Tools/Platforms**: Git, VS Code, Cursor
- **Soft Skills**: Problem-Solving, Project Management, Adaptability

Projects

- **Predictive Analytics on UAE Used Car Dataset |** May'25
  - Conducted data cleaning, preprocessing, and exploratory data analysis (EDA) on the UAE used-car dataset to identify pricing trends.
  - Created data visualizations using Python (Pandas, Matplotlib, Seaborn) to highlight key factors affecting car prices.
  - Developed and evaluated machine learning models to predict used-car prices based on mileage, age, and vehicle features.
- **AI-Powered Travel Recommendation Chatbot |** Feb'24
  - Designed and implemented an AI-powered travel chatbot to assist users with trip planning, itinerary suggestions, and travel-related queries.
  - Integrated natural language processing and backend logic to deliver personalized responses and travel recommendations.
  - Developed the project end-to-end using Python and related frameworks — demonstrating skills in software design, API integration, and conversational AI.
- **Smart Class+ AI-Driven Smart Classroom System |** Dec'23
  - Built AI-driven tools for student progress tracking, adaptive learning, and real-time teacher dashboards.
  - Implemented IoT-based smart attendance and secured academic records using blockchain.
  - Designed AR-enabled interactive learning content to enhance student engagement.

Training

- **Java Programming And Data Structures| Cipher School |** Jul'25
  - Gained a strong understanding of core Java concepts, including OOP, exception handling, and collections
  - Practiced essential DSA topics such as arrays, linked lists, stacks, queues, trees, graphs, recursion, sorting, and searching.
  - Applied concepts by building small Java programs focused on implementing DSA solutions.

Certificates

- Privacy and Security in Online Social Media | NPTEL | Apr'25
- The Bits and Bytes of Computer Networking | Coursera | May'25
- Peer-to-Peer Protocols and Local Area Networks | Coursera | Jan'24
- Responsive Web Design | Free Code Camp | Oct'23

Achievements

- Selected for the second round of the Web□□ Hackathon at Lovely Professional University.
- Certified for completing a field and classroom-based internship focused on public health awareness, rainwater harvesting advocacy, and NGO operations.

Education

- **Lovely Professional University** Punjab, India
  Bachelor of Technology - Computer Science and Engineering; ***CGPA: 6.24*** *Since August 2023*
- **Navyug** Rohtak, Haryana
  Intermediate; ***Percentage: 65%*** *April 2022 - March 2023*
- **The Sanskriti School** Rohtak, Haryana
  Matriculation; ***Percentage: 80%*** *April 2020 - March 2021*
